

FunctionOne | Partners with Speakeasy Broadband

5925 San Jose Ave, Richmond, CA 94804 t. 510.375.7074 sales@functionone.biz

A Better Way to Do Business

FunctionOne has partnered with **Speakeasy Broadband** to provide consultation, installation and training services around delivery of their broadband connectivity and VOIP Solutions.

*"We believe **Speakeasy** offers the **best** solutions and service in this area. We've been customers ourselves since 1999! As a privately owned company we also prefer to support an independent business, like Speakeasy, that truly cares about its customers over the large faceless telcos."*

– Joe Markert, Founder, FunctionOne

Speakeasy Business VoIP is a Hosted PBX solution. They've combined broadband connectivity, local and long distance phone service, PBX functionality, and conferencing to deliver a complete communications package that saves time and money while helping you compete like never before.

Work Smarter

VoIP features dramatically improve the way you interact with customers and colleagues. Never miss important calls with Find Me / Follow Me. Click-to-dial contacts with **Microsoft Outlook®** integration. Manage voicemail as email. And that's just the beginning.

Lower Operating Expenses

No PBX to buy, lease or maintain. One vendor for all your telecommunications services. Plus, select calling plans include unlimited long distance to 48 states and 22 countries.*

Collaborate Easily

Keep remote employees connected with free calling and 4-digit dialing between office locations. Schedule conference calls on demand. Eliminate phone tag.

Stay Nimble

Speakeasy's Hosted PBX solution delivers portability, scalability and continuity. Make VoIP calls from *anywhere* with the **Teleworker** functionality (and included Linksys 942 IP Phone) or a laptop softphone. Add new employees easily with no re-wiring hassles.

Is your entire workforce distributed? Don't have a central office? Don't have **Speakeasy Broadband** service? No Problem! Using the unique Teleworker functionality your entire team can work from home and appear to your clients as if you're all under one roof!

Contact Us: **510.375.7074** to speak with our **Certified Business VOIP Specialist** and get a **free** assessment.
